ALLEGED ASSAILANT TAKEN TO LAKELAND

Jack Wade, Arrested at Newberry, Will Be Carried Before Miss Newell for Identification.

Jack Wade, the negro arrested by Sheriff Ramsey and Deputy Sheriff Scott of Lakeland, passed through the city Friday and was seen on the train by a Sun reporter. The negro stoutly denies having been in Lakeland at the time the crime was committed on the person of Miss Newell.

Sheriff Ramsey said that while he was inclined to think the negro was the guilty party at first, he had since become fully convinced that he is not the one wanted for this grave offense, and he believes that the young lady will so declare when she sees and talks with the negro.

The negro said that he could prove by good reliable witnesses that he was in Newberry on last Sunday, and that he could prove where he has been all the time if given the opportunity.

Deputy Sheriff Scott of Lakeland says that the young lady knows the negro well and declares positively that he is the guilty party, as near as she can now remember of the man who attempted the deed.

Deputy Scott and Special Agent Pinkoson accompanied the negro to Lakeland from this city. He will be carried before the young lady to identify him, when it will be known just what his fate will be. It is claimed that order has been restored in that city and the people have decided to allow the law to take its course, but the identification of the brute who committed the assault may cause a fresh outbreak. The sheriff of Polk county has promised protection of all persons arrested until the right man is identified by Miss Newell, but when she positively identifies her assailant it is not probable that the authorities will be able to save him from the infuriated citizens.

Still Fighting to Retain the Tariff on Lumber

WASHINGTON, D. C., Feb. 12.—Capt. W. B. Stillwell, who is here attending a meeting of the American Lumber Manufacturers, has been up to his neck in conferences the past two days. The chief purpose of the lumber man so far has been to convince Gifford Pinchot, the forester, that it really would not conserve the forests of the country to take the tariff duty off of lumber.

Mr. Stillwell, along with a number of others of the lumber manufacturers, spent nearly all of Wednesday and Thursday discussing the matter with Mr. Pinchot, and other advocates of free lumber. Mr. Pinchot says he will not come to a definite conclusion until he is able to confer with an agent he has sent out through the West.

Saturday night Representative Wheeler of New York, a lumberman himself, will give a large dinner at the Willard Hotel, to which all the members of Congress and all the lumbermen in town are invited. At this dinner the Congressmen will have a few bugs put into their ears on the subject of the forests, and the tariff on lumber.

STORM PLAYS HAVOC IN SOUTH GEORGIA

MARSHALLVILLE, Ga., Feb. 12.—A cyclone passed through here about 7:30 o'clock Tuesday night, blowing down several negro houses, barns, the canning factory and two wind mills.

Mrs. Sallie Boswell's kitchen was torn from the dwelling and blown to pieces. A negro cabin on the same premises, occupied by a family of negroes, was completely demolished, but not a single occupant was hurt very much. One of the family who had gone to bed was slightly hurt. The others were sitting in the middle of the floor and the roof and walls were split in twain and did not hurt or touch them. The chimney was also blown down. One negro child was badly hurt in a cabin which was blown down on the Alex Pharr place.

A part of the canning factory was blown across the railroad track. Dr. J. O. Booton's and S. M. Timberlake's wind mills were twisted off above the tanks and blown to pieces. J. O. Booton's mill was turned off at the time. The telegraph and long distance wires were stripped from the poles. A freight train ran into them and had to stop and cut the wires to proceed.

Putting in Railroad Scales.

The Seaboard is having scales placed in their yards in this city, which will hereafter enable them to weigh all car lots of stuff handled by them. They were formerly compelled to send all such as this to Waldo, where it was weighed.

What Was Transpiring in Gainesville in 1876

(Gainesville Times, July 20, 1876—E. M. Hampton, Editor.)

M. Endel & Son announce that no liquor is sold in their establishment, and their customers, ladies especially, need fear no unpleasant interruptions while purchasing there. (Nearly every store in Gainesville sold liquor by the bottle in those days. Now it is not legally sold at all.)

On Friday last, during a thunder storm, the new store of Matheson & Co. was struck by lightning, causing considerable damage. One corner of the building only was struck, the whole frame work of the corner, however, being torn open. The shock was felt by several persons in the immediate vicinity. (This was a large two-story frame building where the store of L. J. Burkhim now stands.)

COMMON INTEREST OF THREE NATIONS

WASHINGTON, D. C., Feb. 12.—Keen interest is manifest as to what will be the program of subjects of the North American Conservation Conference between representatives of Canada, Mexico and the United States in this city February 18. In his letter to President Diaz of Mexico, and Lord Grey of Canada, President Roosevelt outlined as the purpose of the conference the consideration of "mutual interests involved in the conservation of natural resources" and the preparation of "a general plan adapted to promote the welfare of the nations concerned." There is a pretty well defined feeling, however, that definite topics will have to be discussed. That the Canadians take this view is indicated by the fact that they have sent to the National Conservation Commission compilations of specific regulations governing the disposal of their natural resources.

Last summer's forest fires on both sides of the line between the United States are so recent in the minds of both countries that undoubtedly the possibility of some co-operative scheme of fire protection is likely to be touched on. There are other important international questions concerning natural resources which can hardly fail of consideration.

The Canadian and Mexican delegates to the conference are coming prepared to contribute suggestions as well as to receive them. Their representatives at the international meeting will be prominent specialists on the various phases of the subject to be discussed. Conservation has not been limited to the United States. Early last year, for instance, every acre of the public timberlands in British Columbia, except what has been leased, was placed in forest reserves. This action was taken to check waste by bringing the care and cutting of timber resources more effectually under government control. The action affected 150,000,000 acres—as much land as was put into all national forests of this country up to 1907. In the Yukon all water power rights are granted for only twenty years, and at the expiration of that time their control reverts to the public. The water power question is now one of the most important and far-reaching before the United States today. President Diaz of Mexico has a comprehensive knowledge of forestry and understands fully the benefits to be gained by its application. He is also deeply interested in the improvement of agricultural methods, and the farmers of the country are rapidly adopting scientific methods. Mexico has few large waterways, but the nation has provided for the expenditure of several million dollars for the improvement of internal navigation.

Recent discussion in the Canadian Parliament of President Roosevelt's proposal for co-operation for the conservation of the natural resources of the whole continent indicates that the support of the conservation movement in the Dominion will be as thoroughly nonpartisan as it is in the United States. R. L. Borden, leader of the opposition, was as enthusiastic in his support as Sir Wilfrid Laurier, the Premier, who expressed his deepest approval of the movement.

TAKING OF CENSUS IS GREATLY SIMPLIFIED

"Although the population may have increased 15 to 20 per cent since the census of 1900, entailing a proportionate increase in the volume of work required, it is the belief of the officials that they will be able to complete the coming census at a cost but little, if any, in excess of the last census," says the March Popular Mechanics in an illustrated article. "This economical miracle will be made possible through the introduction of remarkable machines for the saving of time and labor. It is expected that by the aid of these new machines a force of clerks no larger than that employed 10 years ago will be able to turn out one-forth and perhaps one-half as much more work as was accomplished in 1900.

"Mechanical mathematicians of one kind or another have been used in the U. S. census office since 1870, but the system of electric tabulation which will be employed for this census will be so far advanced of all predecessors in the matter of machinery employed, as to mark a new era. The census will be compiled by the card index system, with a card for every man, woman, and child in the country, but it will differ from the card index system found in the average office in that the information will be recorded by punching holes in the cards instead of recording with pens or typewriters. The position of the holes on each card will indicate facts relative to the individual whose biography the card holds." The article further explains how the holes are punched and counted as required for the various statistics.

VISITOR WAS ROBBED IN BAPTIST CHURCH

At Jacksonville By Pickpockets While Attending Meeting of Florida Anti-Saloon League.

JACKSONVILLE, Fla., Feb. 12.—The police of this city have had numerous reports of robberies, hold-ups, pickpockets, etc., but the limit was reached yesterday morning, when G. C. Thomas of Winchester, Tenn., called at police headquarters and reported that his pocket had been picked while attending the convention of the Anti-Saloon League at the First Baptist church Wednesday night.

This is the first case of the kind ever reported in this city, and it is doubtful if such a case was ever reported in any other Southern city, all of which goes to show that the well organized gang of pickpockets now operating in this city are high-class artists in their line. The police are simply baffled, and although keeping a sharp lookout for the crooks they have not obtained the slightest clue that might lead to the arrest of the guilty parties. Of course there were no detectives at the Anti-Saloon League meeting Wednesday night, as no one would presume that a pickpocket, no matter how bold a crook he might be, would have the nerve to operate in a church. But the crooks now in Jacksonville have already shown that they have no respect for any public place, not even the churches.

Mr. Thomas is an enthusiastic anti-saloon man, and while passing through the city Wednesday from Wildwood, Fla., to his home in Winchester, Tenn., he decided to remain over Wednesday night and hear the lectures at the First Baptist church.

He went to the church early, and after one of the addresses he became so enthusiastic that he, with many others, rushed forward to clasp the hand of the speaker. It was while walking up the aisle to meet the speaker that he was roughly jostled by several men near him, and it was then that one of the crooks slipped his hand in Mr. Thomas' hip pocket and secured his pocketbook containing $6 in cash, two rebate checks and 1,000 miles of railroad passage, valued at $40. His return ticket to Tennessee was also in the pocketbook.

There is no telling where the pickpockets will operate next.

No Kick on Naval Stores Received From Big Users

WASHINGTON, D. C., Feb. 12.—The Department of Agriculture, through the bureau of chemistry, which is the real source of the new naval stores bill submitted by Senator Taliaferro to the committee, has sent out a number of letters to large users of turpentine and rosin asking if goods purchased by them are often adulterated or misbranded. The replies so far received clearly indicate that there is little complaint of either adulteration or misbranding.

Among those to whom letters were addressed are the Globe Soap Company, which uses 10,000 barrels of rosin a year; Colgate & Co., and Proctor and Gamble Company, both large users of rosin. Replies from all three of these concerns have been received and none of them have any complaint to make.

Those here who opposed Senator Taliaferro's bill for Federal inspection of naval stores will also oppose this new bill if its provision authorizing the Secretary of Agriculture to "make regulations" is to be construed to give the Secretary the right to require inspections before the naval stores can be shipped from one State to another. No objection is heard here to a law making it an offense to misbrand or adulterate naval stores, although it is believed this can be better regulated by the States.

Vice-President Sherman Will Feast on 'Possum

WASHINGTON, D. C., Feb. 12.—Regretful that Vice-President James S. Sherman should have been deprived of the gastronomic pleasure enjoyed by President-elect Taft upon the occasion of the recent "'possum and 'taters" dinner at Atlanta the Georgia delegation in Congress has determined to give Mr. Sherman a dinner in this city shortly after the inauguration at which the famous dish shall appear.

"We shall see that Georgia furnishes the ''possum and taters,'" said Representative Edwards of Georgia yesterday. "Last season's crop of both was excellent, and many of our citizens will be glad to send these Georgia products to the capital for the delectation of Mr. Sherman."

CATHERINE HAILE GAINED YESTERDAY

BUT MISS BESSIE DUPREE AGAIN IN FIRST PLACE.

Miss Florrie Strickland Nearing 300,000 Mark—Miss Ellis' Absence Accounts for Her Light Vote.

A feature of yesterday's count in the piano contest was the heavy vote for Miss Catherine Haile, and a few more such days would again put her at the head of the list. Miss Bessie Dupree, however, again holds the first place, and her friends seem determined that she shall not release the honor for many days in succession.

The Sun would be pleased to have photographs of the contestants, so as to present their pictures to the public.

Following is how the vote stands:

Miss Bessie Dupree, city	674,395
Miss Dorian Ellis, city	666,700
Miss Catherine Haile, city	608,160

CONFIDENCE

We Back Up Our Statements With Our Personal Reputation and Money.

We are so positive that we can cure constipation, no matter how chronic it may be, that we offer to furnish the medicine free of all cost if we fail.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate and weaken the bowels and make constipation more chronic. Besides, their use becomes a habit that is dangerous and often fatal.

Constipation is caused by weakness of the nerves and muscles of the large intestine or descending colon. To expect a cure you must therefore tone up and strengthen those organs and restore them to healthier activity.

The discovery of the active principle of our remedy evolved the labor of the world's greatest research chemists. It possesses all the best qualities of the remedial active principle of the best-known intestinal tonics, and it is particularly prompt in its results.

We want you to try Rexall Orderlies on our guarantee. They are exceedingly pleasant to take and are ideal for children. They act directly on the nerves and muscles of the bowels. They have a neutral action on other organs or glands. They do not purge or cause any inconvenience whatever. They will positively cure chronic or habitual constipation and the myriads of associate or dependent chronic ailments. Try Rexall Orderlies at our risk. Two sizes, 25c and 10c. J. W. NEWS OF CITY AND COUNTY CONDENSED

If you want some nice stall-fed beef today, or any other day, call up Fagan. Phone 41.

Rt. Rev. F. F. Reese, Bishop of Georgia, arrived yesterday for a brief visit to his daughter, Mrs. F. H. Craighill.

To feel strong, have good appetite and digestion, sleep soundly and enjoy life, use Burdock Blood Bitters, the great system tonic and builder.

D. M. Baker, the naval stores producer, who has been visiting his family for the past few days, departed for his place of business at Bristol yesterday.

Sheriff Ramsey returned yesterday from Trenton and other western parts of the county, where he went to arrest Geo. Harper, alias Jim Buzzard, wanted by the authorities in Citrus county.

Miss Eva Ward of Fort Smith, Ark., is visiting her former college chum, Miss Irene McCreary. This is Miss Ward's first visit to Florida and it is to be hoped that she will be pleased with this section.

Jerry Wills, deputy sheriff of Bradford county, was here yesterday for the purpose of conducting Isaac Darden to Starke, where he is wanted on the charge of selling cross ties to two different parties.

W. S. Lounsbury of Atlanta, Ga., representing the Blickendorfer typewriter, was transacting business in the city yesterday. While here he left the agency for this little wonder with W. L. Denham of The Sun.

Hoarse coughs and stuffy colds that may develop into pneumonia over night are quickly cured by Foley's Honey and Tar, and it soothes inflamed membranes, heals the lungs, and expels the cold from the system. J. W. McCollum & Co.

F. D. Peterson, deputy sheriff at Wilcox, arrived in the city yesterday with Jim Wesley, a negro who was convicted of carrying a pistol before the justice at that place. He will serve time for ninety days with Rawls & Co.

GAVE BOND FOR APPEARANCE.

Setzer of High Springs Was Before Judge Mason Friday.

H. L. Setzer, arrested on the charge of selling whiskey at High Springs, was brought to the city yesterday in custody of the marshal, who was acting in capacity of deputy sheriff.

Setzer gave bond for his appearance at the next term of court. The town of High Springs also has a charge for the same offense against him, which will soon be tried.

AMUSEMENTS

COMING ATTRACTIONS.

New Baird Theatre.

Monday, Feb. 15—"Happy Hooligan in New York."

Electric Theatre.

New Moving Pictures, each afternoon and night, except Sunday.

Electric Theatre.

The performance given by John Thompson last night at the Electric Theatre was well attended and his acting and singing was repeatedly applauded. Mr. Thompson certainly made a lasting and splendid impression upon the people of Gainesville doing his short stay.

Tonight there will be the usual fine list of moving pictures, all new and never before seen in this city. This afternoon at 3:30 o'clock there will be a children's carnival at this theatre, at which there will be lots of fun.

* * *

"The Yankee Drummers."

That Manager Kalbfield made no mistake in securing the Lyman Twins attraction for Gainesville was proven last night, when the presentation of "The Yankee Drummers" was witnessed by one of the largest audiences of the season at The Baird Theatre.

"The Yankee Drummers" abounds in comedy of the most pleasing character, and the Lyman Twin brothers proved all that had been expected.

The production was beautifully staged; the scenery new, costumes pretty, music sweet and simple, the chorus above the average, the dancing clever, and the entire program was rendered in a manner that made one feel that it was good to be there.

* * *

"'Hooligan' in New York."

"'Hooligan' in New York," which comes to The Baird Theatre Monday night, can truthfully be termed the quintessence of fun. Unlike most of comedies, it has a plot, and this plot is in the main responsible for the many ludicrous mishaps and complications that round out a solid three-hours of fun. The company that will present "'Hooligan' in New York" has been carefully selected, and the audience has to be met which has not been captivated by this mirthful comedy and its many special features. Not a little of fun is furnished by "Flip," "Hooligan's" dog, which has been trained and drilled by one of the best animal trainers in America.

Reserved seat tickets can be obtained at Miller & Vidal's today.

Marshal Arnow Does Good Work.

Marshal Arnow yesterday succeeded in recovering a handsome diamond ring which had been stolen the first of the week from Mrs. J. F. Hill. He at once suspected a little negro girl by the name of Nannie, after having been told of the circumstances, and after working on her for several days and threatening her with imprisonment she owned up to the theft and delivered the property to the marshal.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. J. W. McCollum & Co.

Death of Little Child.

William Eugene, the little two-year-old son of Dr. and Mrs. B. M. Tison, died at the residence of Maj. W. O. Tison yesterday afternoon at 2:30 o'clock from fever after a patient suffering of a couple of weeks.

The funeral services will be conducted from the house this afternoon at 3:30 o'clock and friends of the family are invited to be present, the interment taking place at Evergreen cemetery.

When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from pain. It establishes regularity, subdues inflammation, heals ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter, *free*. All correspondence strictly private and sacredly confidential. Write without fear and without fee to World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing *only*, and he will send you a *free* copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps.

ABSURD LIBERTIES WITH ST. VALENTINE

The paradoxical, not to say absurd, antics of Time were never more quaintly exemplified than in this matter of St. Valentine, says Richard Le Gallienne in the February Delineator. Never was insult more whimsically added to injury than by the arbitrary association of the stern and slaughtered saint who fell martyred beneath the clubs of the Emperor Claudius, somewhat toward the end of the third century, with the joyous and essentially pagan festivities which takes his name in vain. Recorded as "a man of exceptional chastity of character," —to be associated with Ophelia's beautiful, ribald, heart-breaking song:

And I a maid at your window
To be your Valentine,

and to be grossly libeled by Charles Lamb, attended with thousands and tens of thousands of little loves!"

The historical fact is that poor St. Valentine's reputation as a saint was sacrificed to that astute policy of the Christian Church, which, finding the old pagan festivals too deeply rooted in the popular sentiment, changed their names to that of some Christian saint, and adopted them for its own.

Thus Valentine's Day was originally a feast of Februata Juno, and, on the night before, boys would draw the names of girls in order to divine who should be their sweethearts in the coming year. The Church frowned on this innocent game and substituted the names of saints for sweethearts—whereby, it may be supposed, the game would somewhat languish. Yet, in spite of the Church, the old pagan manners of playing the game has gone on until this day; and country girls will still pin five bay-leaves to their pillows on St. Valentine's eve, hoping to dream of their "young man," and by divers other sorceries strive to wrest from the future the secret naturally nearest to the human heart—the face or name of the beloved. For the sternest of saints cannot prevent the world from keeping immortally young, and the birds will go on mating on the fourteenth of February in spite of all the decrees of the Church.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

BIG CROWD ATTENDS THE SHOOTING FRIDAY

MISS OAKLEY EASILY MAINTAINED RECORD WITH GUN.

Considerable Trick Shooting, Which Was Pronounced Marvelous by Those Attending the Affair.

A large crowd of local enthusiasts assembled at the shooting exhibition given in the western part of the city yesterday near the residence of Hon. Frank Clark.

The exhibition was given as an advertising feature for the U. M. C. shells and cartridges, which are handled exclusively by the Baird Hardware Company, and the affair was arranged under the personal supervision of E. B. Brown, the representative of the company who travels Florida and other States.

The exhibition was given by F. E. Butler and Mrs. Butler, nee Miss Annie Oakley, and started with snooting off, piece by piece, of a potato held on the end of a stick, the clipping of five cigarettes held between the fingers in rapid order, and the piercing of the ace of hearts also held in the hand.

Small wooden balls, thrown in the air, were broken with ease, and the larger pieces shattered before they reached the ground; doubles, triples, quadruples and quintuples also being shot. Clay targets, bits of coal, walnuts, potatoes, brass discs and the like followed, with pennies, "pee wee" marbles and .22 cartridges all so small that the eye could hardly follow their flight, the only evidence of their being hit being a whizz, puff of white dust, or explosion of each of the targets in the order named.

To show the great penetration of the modern high-power rifle and steel jacket bullet, squares of armor steel were pierced in the air, and to demonstrate the explosive force of the mushroom ball a can of tomatoes was shot into, a piece of flattened tin being all that remained after the contact.

The revolver shooting included work with both hands and in various positions, as well as by the aid of a mirror, at both moving and stationary targets, a whole chamber being put through a flying tin can before it reached the ground; a tin can being hustled over the ground by repeatedly hitting it with glancing shots upon the top.

The shotgun work included shooting single, double and quadruple targets (two guns being used), and a quintuple with the automatic shotgun, as well as eggs thrown inward from a distance of fifty yards; the climax coming in shooting two balls whirling at the end of a string; one while leaping over backwards, and the other after rising and turning in time to catch it before it had made a complete circle. Two hours' time was occupied, and from first to last there was not a dull moment.

SPECIAL MEETING COUNCIL.

Adjourned Subject to Call of President, Who Is Absent.

The special meeting of the City Council called for Thursday night was not held, owing to the absence of some members and President Shands. As business of great importance was to be transacted it was deemed best that all members be present.

The meeting was called by the mayor, who desired to discuss the procedure to compel the paving of West Main street, and to take some action regarding this important matter at once.

What the people want now is to see the work started, as it has been twice ordered.

AWFUL RASH ALL OVER BOY'S BODY

Weeping Eczema Kept Spreading on Little Sufferer—A Score of Treatments Prove Dismal Failures—Grateful Father Tells of

CURE ACHIEVED BY CUTICURA REMEDIES

"It gives me great pleasure to express my deep gratitude in appreciation of the incalculable benefit that the Cuticura Soap, Ointment and Resolvent did my little boy. He had an awful rash all over his body and the doctor said it was eczema. It was terrible and used to water awfully. Any place the water went it would form another sore and it would become crusted. A score or more physicians failed utterly and dismally in their efforts to remove the trouble. Then I was told to use the Cuticura Remedies. I got a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent, and before we had used half the Resolvent I could see a change in him. In about two months he was entirely well. When people see him now they ask, 'What did you get to cure your baby?' and all we can say is, 'It was the Cuticura Remedies.' So in us Cuticura will always have firm and warm friends. George F. Lambert, 139 West Centre St., Mahanoy City, Pa., September 26 and November 4, 1907."

THE JAP QUESTION HAS BEEN SMOOTHED

SACRAMENTO, Cal., Feb. 12.—Moderation on the part of legislators and an evident disposition finally to dispose of all measures relating to Japanese and other aliens characterized yesterday's session of the Legislature.

Adopting a suggestion by Gov. Gillett, the Assembly voted to appropriate $10,000 to defray the expenses of a census, which shall show the number of Japanese in California and the pursuits in which they are engaged. The statistics are to be used in consideration of future legislation possibly involving a request by California for an Asiatic exclusion act.

In the Senate a resolution by Senator Marc Anthony, providing for a special election wherein the voters of California might express themselves on the subject of Asiatic immigration, was defeated by a vote of 22 to 12.

The report of the Committee on Executive Communications advising against any anti-alien legislation at this time had been made the special order for today in the Senate, but its consideration was shut off on a point of order and the matter probably will not be again revived.

MATERIAL ARRIVING FOR PACKING HOUSE

WILL BE LARGER AND BETTER THAN OLD STRUCTURE.

Work to Commence and Building Made Ready as Soon as Possible by Railroad Company.

Material is now arriving daily for the building of the new and commodious warehouse of the Melon Growers' Association and F. D. Warner, located near the Seaboard depot.

In speaking of the new building Mr. Bullard informed the reporter that it would be completed in ample time for the heavy rush of the cantaloupe business from this section, and would prove more satisfactory than the old building, being constructed along special lines for their benefit.

The new building will be constructed of galvanized iron and will not be so liable to catch fire as the former structure.

The building will be used exclusively by Mr. Warner and the association, he having charge of all their business interests in this section.

For City Marshal.

To the Voters of the City of Gainesville:

I am a candidate for City Marshal, for re-election on April 13. I have served the people faithfully and efficiently, night and day, and my record is open for inspection.

If my service during the past year has been satisfactory I ask the support and vote of each and every citizen who is qualified. I can only promise the same service as I have endeavored to give in the past.

Yours for order,
BEN T. ARNOW.

I take this method of informing the public that I am a candidate for City Marshal at the election to be held on April 13, 1909. I respectfully solicit the support of all voters, irrespective of party affiliation, and promise to faithfully and impartially discharge the duties of the office should I be elected. Respectfully,
CHAS. C. WARREN.

I respectfully announce myself a candidate for the office of City Marshal, to be voted for at the election on April 13, 1909. If elected I will faithfully discharge the duties of the office without fear or favor. I respectfully solicit the votes of all, irrespective of party affiliation.
CHAS. M. DELL.

C. R. Kluger, the jeweler, 1060 Virginia avenue, Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." CATARRHAL ASTHMA.

One Bottle of Pe-ru-na.

MR. F. L. BOULLIOUN.

MR. F. L. BOULLIOUN, 2618 State St., Little Rock, Ark., writes:

"I have been a sufferer with the asthma for about four years, and I tried different kinds of medicines and could not find any relief for it.

"I tried your medicines, bought a bottle of Peruna, and after taking about half of it I must say that I have not had the asthma since. Before I took the medicine I did not know what it was to go to bed without having the asthma."

Systemic Catarrh.

Mr. Samuel Burden, 701 Springfield Ave., Summit, N. J., writes:

"In the fall of 1900 I had repeated attacks of cold, which developed into systemic catarrh.

"It left me very weak and all run down. When I got up in the morning it would take about an hour to get my head and throat clear.

"It also left me with a very weak, all-gone, empty feeling in my stomach, which I thought was dyspepsia, for which I tried different remedies with very little improvement.

Weak and All Run Down.

"I finally decided to give Peruna a trial. I felt benefited with the first dose. After taking three bottles I was entirely cured. I cannot speak in too high terms of your wonderful discovery, Peruna."

Peruna is manufactured by the Peruna Drug Mfg. Co., Columbus, Ohio.

TO SAVE ELK FROM FATE OF THE BUFFALO

COLORADO SPRINGS, Col., Feb. 12.—To save the American elk from the same fate which has overtaken the buffalo an active campaign is being made by members of the B. P. O. Elks to secure at the present session of Congress an appropriation of $30,000 for the creation of an elk preserve in the southeast corner of the Yellowstone National Park. Most of the wild elk now in existence are in Wyoming. Grand Exalted Ruler R. L. Holland of Colorado Springs, Col., has transmitted to every lodge a communication asking the adoption of resolutions urging upon Congress this action. The crusade is the result of reports which gained circulation a few years ago that the elk were being slaughtered that their teeth might be secured for B. P. O. E. emblems.

W. VA. SENATE PASSES LOCAL OPTION BILL

CHARLESTON, W. Va., Feb. 12.—The Craig local option bill passed the Senate yesterday by a vote of 17 to 11. The measure provides that if a county vote dry any city in that county of more than 2,000 population remains "wet" until said city itself shall vote out saloons. On the other hand, if the county vote wet, the whole county shall be wet.

The bill now goes to the assembly which has already adopted a resolution providing for the submission of a prohibition amendment to the constitution.

CURRENT COMMENT.

The Indianapolis Sentinel (Dem.) says: "The paternalistic tendency of the time is at work in Indianopolis, as is proved by the introduction of a bill providing for the acquiring by certain cities of the State, including Indianapolis, of playgrounds for children. Under it those in charge of the work may employ assistance to preserve order and enforce rules—at an adequate compensation, of course. We can understand why it should be necessary in large and closely built cities to reserve places for children to play in. But in our opinion there is no city in Indiana of that sort."

The Norfolk Virginian Pilot says: "A New York newspaper, not yet formally enrolled in the Ananias Club, attributes to Mr. Bryan the statement that after one more defeat he would retire from politics and enter the ministry. This is too much after the fashion of the French dames du plaisir who, after exhausting the capacity for love, flie them to nunneries and devote to prayer and penance the fag end of their lives. It is a poor compliment to heaven to postpone entry to its service until the last card for worldly advancement has been vainly played. That savors of a deathbed repentance—draining the cup of ambition to the bitter bottom and presenting the Lord with the dregs."

The Philadelphia Record says: "The internal revenue receipts for the last six months of 1908 as compared with the last six months of 1907 show a decrease of $7,190,242. There was during the same time an increase in the internal revenue from tobacco of $1,-025,159. The only decrease in the consumption of spirits and beer may be in part attributed to hard times, but probably a more potent cause is the adoption of anti-liquor legislation, particularly in the Southern States. This may be more readily inferred because of the increased consumption of tobacco. Denied his drink, the habitual drinker may seek solace in his pipe. It is a common tendency to substitute a new form of indulgence for an old indulgence put under ban. The opium habit in different parts of the world where liquors are not of common use, bear testimony to an universal craving for intoxicants."

The New Orleans States says: "The mistake made by the nation when in the frenzy of sectional passion the black race was disfranchised, has had its danger minimized in some of the States by the suffrage regulations that have been enacted in recent years, but that is a temporary expedient only and the future must be looked to for action that will effectively and permanently dispose of the problem. The situation presented by the demands of a foreign country that the American Government should exert pressure upon a sovereign State of this Union to prevent legislation that may be distasteful to foreign nations, is unique, and the disposition of the President to coerce the State in conformity with the demands of a foreign government is as remarkable as it is humiliating to our national pride. The sentiment of the people against the control of State legislatures by foreign governments through the National Government at Washington is becoming more and more pronounced; hence the suggestion of Senator Newlands will be received with interest by a wide audience."

A POLITICAL PREDICTION.

Editor Williamson, of The Jacksonville Floridian, is of the opinion that Telfair Stockton will be a candidate for the United States Senate next year against Senator Taliaferro.

Although there is no positive announcement on the subject from anyone authorized to speak, it is generally recognized that Mr. Taliaferro will stand for re-election. Many people in this State are of the opinion that Mr. Taliaferro has earned another re-election and that he is one of the most influential and effective workers that the State ever had in Washington. As a "business Senator," he has not been given to many words or to parading himself in print as do so many of the national lawmakers; but he has been a quiet worker, ever keen to the interests of his constituents, and he has contributed practical ideas to the service of his people rather than flowery language to the pages of The Congressional Record.

Be that as it may, there is little doubt that someone will have the temerity to enter the list against Mr. Taliaferro. It has been all along the generally entertained idea that former Governor Broward would be the representative of the opposition—if there is any organized or substantial opposition in the case—but indications now are that the former Governor has "enough" for awhile and will devote his time and attention to other than political matters. He is doubtless content to rest on the characterization given him by the writer in Everybody's Magazine—"From Deck-Hand to Governor"—without spoiling that pretty story by a probably unsuccessful attempt to step even higher..

Whoever runs for the Senate against Mr. Taliaferro may expect to experience a most strenuous campaign, for the people of Florida have their eyes turned toward practical results more than ever before and they are going to ask themselves seriously and thoughtfully if the offered successor is capable of "doing things" with the facility and the success which have attended the career of the present Senator.

The Tribune trusts that the State will be spared an acrimonious, bitter campaign next year. We had enough of this last year. We need time to grow in more important and more acceptable lines.—Tampa Tribune.

Governor Broward made the attempt to step higher—and failed. But it is generally conceded that he will again become a candidate for the Senate in 1910, whether Mr. Telfair Stockton is a candidate or not. It is not at all likely, however, that the people of Florida will commit the folly of displacing Senator Taliaferro with either Broward or Telfair Stockton. The latter is a gentleman for whom the editor of The Sun has the highest respect and most kindly feeling, and though he is reputed to have sufficient of the filthy lucre to scatter fifty thousand or so over the State and not in the least impoverish himself or family, we would dislike to see him become a candidate for the Senate. He would not cut any figure in the race and would simply not get a show for his money. It would take a man who has demonstrated his ability to do things to defeat Senator Taliaferro, and he will have to be a resident of some other section than the East Coast, too. If both Senators are to continue to come from the Atlantic side of the State, then Senator Taliaferro is by long odds head and shoulders above any man in that section who has so far been mentioned for Senator. He has shown his ability to accomplish results—and this is what will influence the Democrats of Florida in choosing his successor. If Congressman Sparkman does not decide to "measure swords" with Senator Taliaferro, the latter will be his own successor.

We find in others that for which we seek. If we look for the bad we find it, and if we look for the good we find that also. To seek the first leads to suspicion, distrust and cynicism; to seek the other is far nobler and promotes charity, friendship and goodness.

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. The Philadelphia Ledger (Independent) says: "That stale old joke about baldness being the result of early piety has an explanation in the fact that the fathers of the church when they cast about to devise some distinguished mark for the holy man could find no better symbol than the tonsur. Men of action are nearly always bald. Julius Caesar, in deference to the prejudices of his day, wore his laurel wreath in such a way as to hide the bald spot that decorated his sublime temples."

The poet says that in the springtime the thoughts of young men and maidens "lightly turn to love." But the profusion of valentines with their sentimental verse, their cupids, arrows, hearts, doves, loveknots and other emblems, shows that the ardor of youth does not wait for spring.

Congress seems to have the art of doing nothing pretty fully developed. So far this session it has done little but mark time, but it is safe to say the members will have no scruples against drawing their salaries.

The annual meeting of the Florida State Bar Association, which convenes at St. Augustine on the 19th and 20th inst., is expected to be the most successful meeting in the history of the association.

President Taft will have his hands full during his administration, and the country is fortunate in having a man of his calm, judicial temperament to deal with the Cuban, Japanese and negro problems.

The cock and bull fights that figured so conspicuously in the celebration of Cuban independence do not inspire much hope for a stable government and prosperous future.

If economy were more often practiced in the high tide of prosperity there would be less poverty in the low tide of business depression.

Seven candidates have announced to run for the place made vacant by the death of Representative-elect E. S. Fourner of Calhoun county.

Thanks to President Roosevelt the little Jap can continue to attend the same school with whites and negroes in California.

It remains to be seen what disposition Mr. Taft will make of the Crum that Senator Tillman has passed up to him.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of **Swamp-Root** is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

Home of Swamp-Root.

You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

..PROGRAM FLORIDA WINTER CHAUTAUQUA..

Gainesville, February 16-28, 1909

What the Forum was to ancient Rome the Chautauqua has ...e to the United States of America, with the difference ... there was only one Forum while in America almost one ...nd Chautauquas are in active operation in all parts of ...ountry, and the number is rapidly increasing as the years ...

In other years people of the villages, hamlets and country... could only read of great statesmen, orators and preachers, ... they could rarely see or hear them without taking long ...ourneys. Now, by means of the Chautauqua, the best and ...reatest talent in all the world is brought at insignificant cost ...to your very doors. The Chautauqua idea is one of the greatest ...ocial and educational forces in the country. The inspiration ...erived from it is a guide to the pathway and a lamp to the ...feet of thousands.

The great reforms which have recently swept over our coun... are largely traceable to the presence of the strong men ...who have spoken so fearlessly on the Chautauqua platform in ...the last dozen years, and the millions of people who have ...listened at these annual meetings to listen to them have had ...their consciences so awakened that they have demanded that ...men in authority should institute these reforms.

The Chautauqua Movement is thoroughly undenominational, ...brings people of all creeds and parties commingle thought... freely and lovingly. The Chautauqua is organized on high ground ...and for high aims. It appeals to the thoughtful and cultured, ...seeks to displace some forms of amusement which are un... empty and fraught with danger.

More and more in these strenuous days people feel the ...need of a little vacation. Earnest people are hardly willing to ...waste time in a vacation which does not bring them a little ...intellectual uplift, hence the phenomenal growth of the Chau... idea. A Chautauqua is a benediction to any community ...in which it abides. It appeals in its varied program to both ...young and old, and is certain to cultivate high ideals of living ...and thought.

Under entirely new management the Chautauqua for the ...sixth annual session now appeals to the citizens of Gainesville ...for its support. The program is the strongest and best which ...has ever been offered, and includes in lectures and music and ...other features the very best which genius can devise or money ...can secure. It offers at insignificant expense fourteen days of su... enjoyment. The holders of season tickets get for a few ...dollars lectures and concerts which ordinarily would cost them ...not less than a dollar. Every right-minded citizen of the com... should give to this enterprise, which stands for things ...which are high and lofty, their loyal support and co-operation. ...It offers fourteen days of supreme enjoyment and uplift. It ...will add to the fame of the good name of Gainesville, and will ...attract many visitors from abroad who will come for the sake ...of the Chautauqua.

The program of the present year is one of great strength ...and pleasing variety, and is so varied that all tastes are certain ...to be satisfied. A glance at the rich feast which is to be spread ...is given in the facts which follow:

LECTURES.

GOV. ROBERT B. GLENN of North Carolina. The most ...brilliant Southern orator since the time of Henry Grady. A ...man who has done things. Swept his native State for prohibi... and won out in his fight for the two-cent rate against the ...railroad corporations. A large-hearted Christian gentleman who ...gives his influence to all great reforms and whose eloquent voice ...and sterling worth have won for him a national reputation.

MRS. LA SALLE CORBELL PICKETT, the gifted wife of the ...great General Pickett, whose charge at Gettysburg made him ...immortal. She tells in matchless fashion the story of the charge. ...She has achieved national reputation on the platform and is ...one of the most eagerly sought for Chautauqua lecturers in ...America.

ROSS CRANE, the famous cartoonist and clay modeler. He ...is simply incomparable in his artistic and novel work. It is the ...greatest, completest and most artistic one-man performance on ...the platform.

PROF. J. ERNEST WOODLAND, the well-known scientific ...lecturer, who brings with him the most expensive apparatus ...which completely crowds the platform. During his lectures ...on "Zero Absolute" and "Wireless Telegraphy," two of his ...famous themes, scores of brilliant and marvelous experiments ...are performed. For a number of years he has been the foremost ...Chautauqua lecturer in America.

DE WITT MILLER, for 20 years the most eagerly sought ...Chautauqua lecturer the country has had. A man of infinite ...resources and wide information. He is not only a strong lec...er, but a witty one. It is not possible to secure a more popu... man. His work will be greatly enjoyed.

WILLIAM STERLING BATTIS, the Dickens interpreter. ...He stands unrivalled in his line. Much of his work is done in ...costume and he brings you face to face with the well known ...characters which Charles Dickens in his stories has made so ...famous.

DR. S. R. BELK, a coming man of the platform. His lec... always catch and hold the crowds. While humorous and ...witty, there is still an under-current of good sound philosophy ...running through all his lectures. They are inspiring, helpful and ...optimistic.

DR. D. W. HOWELL, now General Field Secretary of the ...Chautauqua Movement. A man of rare ability, who conducts ...Round Tables, giving all information concerning the Chautauqua ...Movement, and also gives delightful literary lectures, and will ...have a share as well in the Bible work.

WIRT LOWTHER, a lecturer who has the art of saying ...things in such fashion that people are entranced and carry ...away with them much that will brighten and bless the after ...days.

DR. W. L. DAVIDSON, who, from the very beginning, has, ...to the satisfaction of all, arranged the splendid programs for ...Gainesville, will be present during the early days of the Chau...qua and will not only help in its proper starting, but will ...also present one or two of his very popular lectures, illustrated ...by stereopticon views.

MUSIC, READINGS AND NOVEL ENTERTAINMENTS.

ROBLEY MALE QUARTETTE. A company of delightful ...singers, who have won their way in all parts of the United ...States, and give unbounded satisfaction. Their repertoire is ...unlimited. Each member of the quartette is a fine soloist. ...They deal much in humor, and Mr. Robley, the manager, is a ...very clever reader and impersonator.

LADY WASHINGTON QUARTETTE of Chicago, Ill., will ...be present for four days. Every member of the quartette is a ...soloist. They also have a delightful reader. Their programs are ...full of pleasing variety. This quartette is without a peer.

MISS LENA WALBRIDGE, a delightful whistler and reader ...Her clever work will give pleasing variety to the program, and ...she will be heard frequently in connection with the concerts and ...as preludes to the lectures.

MR. WALLACE BRUCE-AMSBURY, one of the best known readers, who is a whole show in himself, with an orchestra thrown in. He is one of the cleverest monologists on the platform, and is particularly pleasing in his French-Canadian dialect. His presence will be greatly enjoyed.

MRS. LOUISE MORGAN-AMSBURY, a lyric soprano with an exceptionally sweet voice. She has appeared with success at many Chautauquas.

GOSS-BARTELL COMPANY, including W. Robert Goss and Miss M. J. Bartell of New York City. They will be present for a week, and each evening will contribute at least a share of the program, furnishing preludes in connection with the lectures when they don't give an entire evening. They have with them one of the best and latest Moving Picture Machines, and have a score of the finest Pictures manufactured, many of them beautifully colored. Many stereopticon views will also be given interpreting such well known creations as "The Sign of the Cross," "Parsifal" and "Hiawatha." There will also be secular and religious illustrated songs presented by Miss Bartell. The strength of this delightful company cannot be overestimated. They appeared at a series of sixty Chautauquas last summer, and were said to be the crowning event of the entire season.

DEPARTMENT OF INSTRUCTION.

Definite educational work is not to be overlooked, and some of the morning hours will be given to those things which will contribute help to the thoughtful and the devout.

BIBLICAL HOUR.

This will be in charge of Dr. W. W. Davis, superintendent of the Chautauqua at Mountain Lake Park, Maryland. Great Bible themes will be discussed. At the morning hour the key-note will be struck for the day, and the Book of Books will be magnified in all the work of the Chautauqua. Dr. Davis will also have charge of the platform, and in his own good way will introduce the attractions from hour to hour and will give direction to the conduct of the Chautauqua.

SCHOOL OF HEALTH AND COOKING.

This has become a leading feature with all well ordered Chautauquas. For a week it will fill the morning hour. Two enthusiastic and capable workers have been employed to give direction to this line of work.

Dr. Carolyn Geisel, who stands without a rival in America, will give her helpful health talks to cover the first half hour of the work, and the second half hour will be occupied by Mrs. Minnie Emmons, who will present a series of cooking school lessons with demonstrations.

THE CHAUTAUQUA HOUR.

Conducted by Dr. D. W. Howell, General Field Secretary of the Chautauqua Movement, who travels from point to point in behalf of this great work. He is a superb talker, and will present varied and interesting themes in his own taking way. These themes will be outlined in the detailed program. All needed information concerning the Reading Course will be given, literature will be distributed, and opportunity will be offered for enrollment in the Chautauqua Literary and Scientific Circle.

Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.
